

## 480v AC inverter

## Overview

---

What is included in a MC4 inverter?

Inverter with MC4-compatible connectors (1ea.) MPPT per string, monitoring per string, RS485 communication and Aux connector. Includes 10-year limited warranty. Does not include Gateway. Does not include AC cable, must be ordered separately. TrueString 480V AC Cable, 5ft. Includes TrueString 480V AC mating connector, other end unterminated.

What is a commercial hybrid inverter?

Sol-Ark® 60K-3P-480V-N commercial hybrid inverter is engineered for large commercial businesses, supports both AC and DC coupling, and seamless backup power. [Learn more.](#)

What is a CPS 3 phase string inverter?

The 100kW high power CPS three phase string inverters are designed for ground mount applications with 480Vac service voltage. The units are high performance, advanced and reliable inverters designed specifically for the North American environment and grid.

What is CPS sca50ktl-do/us-480 inverter?

CPS SCA50KTL-DO/US-480 inverter is fully integrated and separable with touch safe fusing, monitoring, and AC and DC disconnect switches. The integrated PLC transmitter in the Rapid Shutdown wire-box enables PVRSS certified module-level rapid shutdown when used with the Tigo TS4-F/TS4-A-F/TS4-A-2F products, APS RSD-S-PLC/RSD-D products.

What is a CPS 50kW inverter?

High efficiency at 98.8% peak and 98.5% CEC, wide operating voltages, broad temperature ranges and a NEMA Type 4X enclosure enable this inverter platform to operate at high performance across many applications. This CPS 50kW inverter ships with the Standard wire-box. Tigo or APsmart Rapid

Shutdown wire-box versions also available.

What is a NEMA 4X inverter?

The units are high performance, advanced and reliable inverters designed specifically for the North American environment and grid. High efficiencies, wide operating voltages, broad temperature ranges and a NEMA Type 4X enclosure enable this inverter platform to operate at high performance across many applications.
