

80ah battery plus inverter

Overview

What is a 12V 80Ah battery?

The 12V 80Ah battery is a LiFePO₄ lithium chemistry battery. It offers BMS controlled safety, long life, and fast-charging performance. The built-in Battery Management System (BMS) embeds smart balancing algorithms that control all cell voltages in the battery, ensuring they are constantly at the same voltage level and optimizing battery capacity. For more details, please check the ELB certification center.

Which inverter battery is best?

Thanks to its enduring and powerful performance, the Luminous ILST10036 80 Ah Tubular Inverter Battery makes your inverter capable of functioning optimally. This inverter battery is ideal for areas that have rare and short power cuts. And, the tubular plate design on this inverter battery keeps it protected from dangerous deep discharge.

Are Okaya Inverter Batteries reliable?

Engineered with cutting-edge technology to provide you with reliable power backup. With an advanced tubular design, Okaya inverter batteries ensure consistent performance during power outages, making them perfect for home inverters, office backups, and more. All our batteries undergo rigorous testing and certification by NABL-accredited labs.

What is a jumbo tubular inverter battery?

OKAYA PowerON Jumbo Tubular Inverter Battery - OPJT11048. Engineered with cutting-edge technology to provide you with reliable power backup. With an advanced tubular design, Okaya inverter batteries ensure consistent performance during power outages, making them perfect for home inverters, office backups, and more.

How often should I top-up my Oka inverter battery?

Okaya is an ultra-low maintenance battery that requires water top-up not more than 1-2 times a year ensuring your peace of mind. Order now and elevate your power backup solutions to new heights with Okaya Inverter batteries. At OKAYA, we offer a wide range of power solutions for various applications. Take a look today!
