

Base station battery pack connection is not available

Overview

Why is my ring alarm base station not connecting?

Your Ring Alarm Base Station can't connect to the internet or can't connect to Ring. Check your modem and router and make sure that your internet connection is working. If this doesn't resolve the issue, try waiting a few minutes, then try again. "Connection Error" Your Base Station can't connect to the Wi-Fi router.

Why can't I find my base station?

"We can't find your Base Station." You will see this message if your Base Station can't pair with your Ring app. Recommended steps: Check that your Base Station is plugged in. If it's not, find an outlet and plug it in. If you've confirmed that it's plugged in, press the button on the back of the Base Station. (See image below).

Does a ring base station have cellular backup?

, your Base Station will also have cellular backup to protect your home when is no power source or main internet available. Z-WAVE & WORKS WITH RING: You can connect Works with Ring smart devices that use Z-Wave to your Ring Alarm Pro Base Station.

How do I fix a ring base station not working?

Open the battery compartment. Take out the battery. Keep everything unplugged and removed for about 30 seconds or more. Plug in the Base Station. Reinsert the battery. If you've tried all of that and it still doesn't work, you might need to contact the Ring support team for further assistance. 4. Ring Base Station Not Pairing.

Does the alarm pro base station have a backup battery?

BUILT-IN BATTERY BACKUP: The Base Station has an internal backup battery that will switch on when your power goes out. When the Alarm Pro Base

Station is using the internal backup battery, it shuts down most services, including wifi, to conserve power.

Why is my base station not pairing with my ring app?

You will see this message if your Base Station can't pair with your Ring app. Recommended steps: Check that your Base Station is plugged in. If it's not, find an outlet and plug it in. If you've confirmed that it's plugged in, press the button on the back of the Base Station. (See image below) "To continue setup, enable Bluetooth."
