

Bosnia and Herzegovina Three-degree outdoor power supply

Overview

Does Bosnia and Herzegovina provide security of electricity supply statements?

Bosnia and Herzegovina is not providing the Security of Electricity Supply Statements to the Secretariat despite its obligation under Article 29 of the Treaty.

Why is Bosnia & Herzegovina's energy sector so vulnerable?

This delay persists despite the ENTSO-E cybersecurity report from 2022, which identified Bosnia and Herzegovina's energy sector as one of the most vulnerable in the region due to outdated infrastructure and insufficient cybersecurity investments.

Does Bosnia and Herzegovina have a national energy and Climate Plan?

Bosnia and Herzegovina submitted an updated descriptive part of its National Energy and Climate Plan (NECP) on 28 June 2024, as well as a summary of how the Secretariat's recommendations had been taken into account.

Are energy measures subject to state aid assessment in Bosnia & Herzegovina?

The State Aid Council (SAC) and its secretariat have been very active in the last reporting periods. However, in the current reporting period, no measures in the energy sector have been subject to State aid assessment in Bosnia and Herzegovina.

Is there a PEI project in Bosnia and Herzegovina?

There is no PEI project in the territory of Bosnia and Herzegovina, chosen under the procedure launched in 2024 for the Energy Community which relates to gas or hydrogen.

Should Bosnia and Herzegovina transpose the natural gas acquis?

Bosnia and Herzegovina should transpose the natural gas acquis in the entire territory and implement the network codes. It should open its market. Bosnia and Herzegovina should transpose and implement the required elements of the EU ETS Directive, including the Monitoring and Reporting Regulation and the Accreditation and Verification Regulation.
