

Evacuation Emergency Household Box Lithium Battery Pack

Overview

Where can I Find my Emergency Response kit?

Your emergency response kit should be readily found, and well within arms reach. CellBlock FCS has introduced a new line of Wall-Mounted LIBIK (Lithium Ion Battery Incident Kit) products for optimal fire safety preparation in virtually any location.

What should be included in a basic emergency supply kit?

A basic emergency supply kit could include the following recommended items: Consider adding the following items to your emergency supply kit based on your individual needs: Prescription medications. About half of all Americans take a prescription medicine every day.

How do you assemble a disaster supplies kit?

To assemble your kit store items in airtight plastic bags and put your entire disaster supplies kit in one or two easy-to-carry containers such as plastic bins or a duffel bag. A basic emergency supply kit could include the following recommended items: Consider adding the following items to your emergency supply kit based on your individual needs:.

How do I install the emergenc kit?

The emergenc kit is supplied with two loose velcro loop strips. These loop strips must be mounted on the wall. This can be done by screwing, nailing or stapling. By hanging it on the wall, you ensure that essential safety equipment is always within arm's reach in case of a battery fire emergency.
