

How is the energy battery cabinet at the Korean site

Overview

How many South Korean workers were arrested at a Georgia battery plant?

Russ Bynum/Associated Press Immigration officials arrested nearly 500 workers, most of them South Korean citizens, at the construction site of an electric vehicle battery plant in Georgia on Thursday, as the Trump administration continues its far-ranging crackdown on illegal immigration.

How many South Korean detainees were arrested in a federal raid?

Detainees are made to stand against a bus before being handcuffed, during a raid by federal agents where about 300 South Koreans were among 475 people arrested at the site of a \$4.3 billion project by Hyundai Motor and LG Energy Solution to build batteries for electric cars in Ellabell, Georgia, U.S., September 4, 2025 in a still.

What's going on with the detained Korean workers?

The detained workers were connected to one of the largest Korean investments in the U.S.—a Hyundai Motor Group and LG Energy Solution battery joint venture—which U.S. officials and state leaders have promoted as a major job-creation project.
