

How much does it cost to customize outdoor power supply in Rwanda

Overview

From where does Rwanda buy power?

Rwanda currently purchases power from the Rusizi I plant (with an import capacity of 3.5 MW) and Rusizi II (with an import capacity of 12 MW), both owned by Sinelac. Rwanda buys power from the Rusizi I and Rusizi II plants in the Democratic Republic of the Congo (DRC).

Where can I find information on energy in Rwanda?

For more information on energy in Rwanda, please visit the websites of the Rwanda Ministry of Infrastructure, RDB, the Rwanda Utilities Regulatory Authority, and the Rwanda Energy Group. They provide information on electricity access, both on-grid and off-grid, including solar home systems and mini-grids.

How much electricity will Rwanda supply by 2024?

By 2024, Rwanda plans to supply electricity to 100 percent of the population. This will be achieved through grid expansion (52 percent) and off-grid technologies (48 percent).

How does Power Africa support Rwanda's Energy Sector Development?

Power Africa supports Rwanda's energy sector development through a range of support mechanisms in cooperation with the Government of Rwanda, international finance institutions, development agencies, and private sector partners.

How does the US help Rwandan off-grid businesses?

The US supports off-grid businesses in Rwanda through technical assistance and a loan guarantee agreement to local financial institutions. The U.S. African Development Foundation (USADF) has provided grant funding to women-owned off-grid businesses in Rwanda.

What is the Women in Rwandan Energy Initiative?

The Women in Rwandan Energy (WIRE) Initiative is a program launched by Power Africa to increase the number and influence of women in the Rwandan Energy sector. This is achieved through training, apprenticeships, professional network opportunities, and leadership development.
