

How much does it cost to generate solar power in Ireland

Overview

A solar PV system costs between €4,600 – €8,700 in Ireland in 2025 with the SEAI grant. The exact price will depend on the number and type of solar panels used. You can expect the peak solar output of your solar PV system to be between 1.76kWp to 7.04kWp. How much do solar panels cost in Ireland?

The average cost of solar panels in Ireland varies based on the system size, panel type, and installation factors. Typically, a residential solar PV system ranges from €6,000 to €13,000, including installation. This range covers systems from 2kW to 6kW, the most common residential property size.

How many solar panels do I need in Ireland?

The number of panels you need depends on your household's energy consumption and the panels' efficiency. A typical Irish home may require a 4kW to 6kW solar system, usually 12 to 20 panels. How much is a 2kW solar panel in Ireland?

.

How much energy does a solar system use in Ireland?

Well, the average Irish household uses around 4,200 kWh of electricity per year. If you really want to get value out of your new solar system, you should aim to cover at least 75% of your energy consumption – meaning that average home would need 8–10 panels, most likely with a 4kW system or higher.

Do solar panels save money in Ireland?

Generate Free Electricity: Solar panels reduce your reliance on the grid by producing clean energy. In Ireland, they can cover up to 70% of a home's electricity needs, saving up to €1,000 per year.

How much does a solar grant cost in Ireland?

The grant can reduce the cost of solar panels in Ireland by 25% or even more,

and so it's a gamechanger for a typical family looking to go solar. In 2024, the maximum solar grant amount is €1,800, but that will be going down by €300 to €1,500 at the start of 2025. Find out more in our Irish solar grants guide.

How long do solar panels last in Ireland?

It typically takes around 5-6 years to recoup the cost of solar panels in Ireland. After that, you can enjoy free electricity for the remaining lifespan of your panels. Most solar panels come with a 25-year warranty, so you should be getting renewable energy from your roof for at least that long.
