

# How to sell container energy storage cabinets

## Overview

---

What is container exchanger?

At Container Exchanger, we make it easy for you to buy and sell. List your used reusable storage & shipping materials for FREE. We will market and sell them to an end user, and we will coordinate pickup using one of Container Exchanger's carriers. So, what will Container Exchanger provide?

.

Why should you buy a used container?

Reduce waste with high-quality used containers. Save 30-70% on storage and transport. Tailor containers to your exact needs. Trusted since 2006 with over 4 million containers sold. Wide selection with flexible shipping and payment options. Reduce waste with high-quality used containers. Save 30-70% on storage and transport.

Do storage containers need a lot to store?

Storage containers require a physical lot to store. In some cases, your storage won't be convenient to also sell from. However, if you can set up a business location with a lot that customers can easily visit, offering in-person sales can be beneficial as well. Here, you'll have to consider accessibility.

Are container-selling companies a safe investment?

In fact, with global supply issues and increases in demand for container homes and other non-commercial use, demand for shipping containers is only going up. That means container-selling companies are a safe investment, providing you invest in marketing and sales. Here is the process for selling shipping containers:.

Can you sell shipping containers online?

For this reason, most shipping container sellers do not allow for eCommerce

sales of their shipping containers. Instead, you have to call or request a quote, which will include custom delivery fees. Here, you'll have to consider costs including hosting, website maintenance, payment fees, and merchandising (product photography, website copy, etc.).

How do I start a container selling business?

Here is the process for selling shipping containers: Starting a container-selling business can be a lot more complicated than it sounds. That's often because there are dozens of ways you could structure your business. The first step to starting a business should be to do market research. This research should answer questions like:
