

Liberia New Energy Site Operation Company

Overview

What is the Liberia Electricity Corporation (LEC)?

The Liberia Electricity Corporation (LEC) is a public utility created in 1973 by the Government of the Republic of Liberia. This entity was developed through an act of Legislature with a mandate to produce and supply economic and reliable electric power to the entire nation, while at the same time maintaining the corporation financial viability.

Is TGS reprocessing seismic data in Liberia?

OSLO, Norway (10 June 2024) – TGS, a global leader in energy data, partners with the National Oil Company of Liberia (NOCAL) for advanced seismic data reprocessing in offshore Liberia, marking a strategic move for future energy exploration.

Is Liberia ready for business?

CAPE TOWN, South Africa – The President and Chief Executive Officer (CEO) of the National Oil Company of Liberia (NOCAL), Rustonlyn Suacoco Dennis, has extended an enthusiastic invitation to international oil and gas investors, assuring them that Liberia is "ready for business" as the nation seeks to unlock its vast oil potential.
