

Lithuanian high temperature solar system manufacturer

Overview

Are solar panels made in Lithuania?

In the upgraded production line of solar panels (in 2024) we produce a wide range of glass-glass solar panels. In Lithuania, we have our own installation department, which installs about 800 residential solar power plants per year in Lithuania. And it is about 10% of the Lithuanian residential market.

How many solar power plants are installed in Lithuania?

In Lithuania, we have our own installation department, which installs about 800 residential solar power plants per year in Lithuania. And it is about 10% of the Lithuanian residential market. We have built effective solar parks in Lithuania and Ukraine.

What percentage of Lithuania's residential market is solar?

And it is about 10% of the Lithuanian residential market. We have built effective solar parks in Lithuania and Ukraine. Technology-advanced solar parks are with bifacial solar panels, solar trackers and special white sheet on the ground.

Are SoliTek solar panels sustainable?

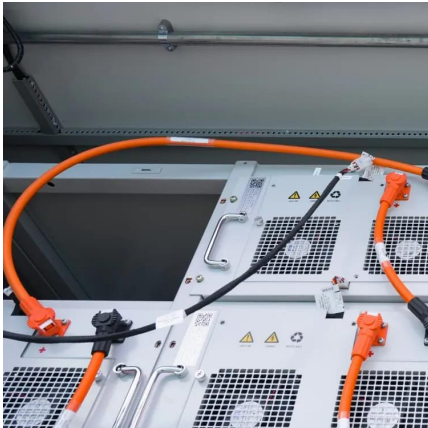

SoliTek solar panels are the first and only in the world to have the prestigious Cradle to Cradle gold certification, known as the "Oscar" of sustainability. As a manufacturer of renewable products, SoliTek goes even further. It's a net zero PV company, using exclusively 100% renewable energy in its module manufacturing.

Can SoliTek solar modules be installed on a roof?

SoliTek solar modules are so tough that they could be installed not on the roof, but instead of roof (just as roof tiles). Yet, SoliTek doesn't stop here. Their R&D team is always on for new ways to integrate solar energy to improve daily life.
