

Namibia outdoor power supply custom manufacturer

Overview

Where does NamPower supply bulk electricity?

NamPower supplies bulk electricity to Regional Electricity Distributors (REDs), Mines, Farms and Local Authorities (where REDs are not operational) throughout Namibia.

What does NamPower do?

NamPower's core business is the generation, transmission and energy trading, which takes place within the Southern African Power Pool (SAPP), the largest multilateral energy platform on the African continent.

Are water tanks transforming Namibia's water infrastructure?

In a recent article, the Economics highlights the vital role of water tanks in transforming Namibia's water infrastructure for business and industry. It emphasizes the significance of reliable water storage for sustainable development and economic growth, with Abeco Tanks as a leading provider in this domain.

Why should you choose NamPower?

NamPower understands the important role that electricity plays in all aspects of socio-economic development – not just in driving the machines and equipment that keep Namibia's factories, mines and farms going, but also in powering our schools, our offices, and our very lives. To be the leading electricity solutions provider of choice in SADC.
