

New Zealand pack battery manufacturer

Overview

New Zealand's Leading Advanced Battery Pack Manufacturer with 40+ years of expertise and experience in research contracts, design and developing of both new technology cells and specialist industrial battery applications. Where can I buy SAFT Batteries in NZ?

Simpower has extensive knowledge and expertise of cells and battery pack build and is the exclusive NZ distributor for SAFT. It carries a wide range of many brands in stock and has the ability to source all leading brands from the global marketplace.

Can a New Zealand battery pack be repacked & re-energised?

We have a comprehensive range of cells imported to New Zealand for assembly to meet your requirements. Commercial and Industrial battery packs can be repacked, re-energised with the latest in technology, providing better capacity and run time, often at a fraction of the New Replacement price.

How do I order a battery in New Zealand?

Order your battery from your desk and it will be delivered to your door - free to main centres in New Zealand. Be in complete control of the ordering process while you're 'one on one' with a battery specialist. Pay by Credit Card, Cheque or internet banking - your choice.

Can a battery pack be repacked?

Commercial and Industrial battery packs can be repacked, re-energised with the latest in technology, providing better capacity and run time, often at a fraction of the New Replacement price. Amateur handheld and marine radio repacks for those out of production, or better capacity that only repacking can create.
