

Nordic imported energy storage battery company

Overview

Nordic Batteries AS, founded in 2014 in Norway, specializes in advanced battery modules, packs, and energy storage systems for industrial sectors including construction, maritime, defense, and power grids. Who is Nordic batteries?

Nordic Batteries AS, founded in 2014 in Norway, specializes in advanced battery modules, packs, and energy storage systems for industrial sectors including construction, maritime, defense, and power grids. Leveraging automated production and innovative technology, they deliver high-performance, safe, and sustainable energy solutions.

What products does Nordic batteries offer?

Nordic Batteries' technology portfolio centers on two main product lines: ePOWER and eENERGY modules. The ePOWER series delivers high-power output for demanding industrial applications, while the eENERGY modules provide extended duration energy storage capabilities.

What makes Nordic batteries a sustainable brand?

Nordic Batteries also emphasizes sustainability in their production methods, using renewable energy sources throughout their manufacturing processes. Their battery designs consider the complete lifecycle, including potential second-life applications and eventual recycling, supporting circular economy principles.

Who invested in Nordic batteries?

Nordic Batteries has received substantial investment from several Norwegian entities. Kongsberg Innovation, through its Pre-Såkorn Fond, provides significant financial backing and technical support. Vardar AS, an energy group owned by former Buskerud county municipalities, has invested in the company.

Are Nordic batteries looking for a development engineer?

Nordic Batteries are seeking a development engineer for mechanical construction and system design. Factor 47 is operative! The pilot line where Nordic Batteries will produce their first battery modules is now officially open after the visit from former Prime Minister Erna Solberg where she cut the banner to kick it off.

When will Nordic batteries start production?

In 2024, Nordic Batteries initiated test production at their Kongsberg facility, marking a significant advancement in their manufacturing capabilities. The company plans to make final investment decisions for expanded production capacity before summer 2025, with operations scheduled to begin in early 2026.

Nordic imported energy storage battery company

Powering the Nordics: Merus Power's end-to-end turnkey battery energy

Our battery energy storage solutions are designed, developed, and manufactured in Finland. From inverters to control and protection systems, everything is crafted locally to ensure high ...

About us

We believe that new approaches can bring investment optimization, better infrastructure utilization, unlimited scalability, intelligent management, integration with different power ...

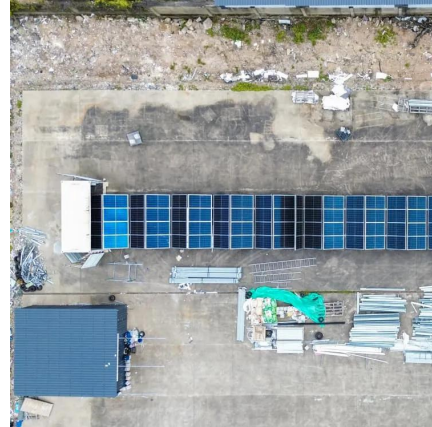

[Successful Sale of 10MW Battery Energy Storage ...](#)

Stockholm. 2024.12.18 - Helios Nordic Energy, a leader in utility PV and BESS project development in the Nordics, has successfully completed the sale of a ...

[Tracking Nordic Clean Energy Progress](#)

Tracking Nordic Clean Energy Scenarios 2024 highlights the Nordic countries' shared commitment to achieving carbon neutrality through ambitious energy transitions. The report ...

BOS Power Signs 3GWh Supply Agreement with HiTHIUM for ...

BOS Power and HiTHIUM sign a 3GWh battery energy storage agreement to support renewable projects across the Nordic region, marking a significant step in sustainable ...

[Top 10 Battery Manufacturers In Sweden](#)

These top 10 battery manufacturers in Sweden such as Northvolt, Alelion, and Volvo Energy show how battery technology can be developed not ...

BOS Power Signs 3GWh Supply Agreement with HiTHIUM for Nordic Battery

BOS Power and HiTHIUM sign a 3GWh battery energy storage agreement to support renewable projects across the Nordic region, marking a significant step in sustainable ...

Ingrid Capacity, in collaboration with SEB Nordic Energy's ...

Ingrid Capacity, in collaboration with SEB Nordic Energy's portfolio company Locus Energy, has officially broken ground on one of Finland's largest battery energy storage ...

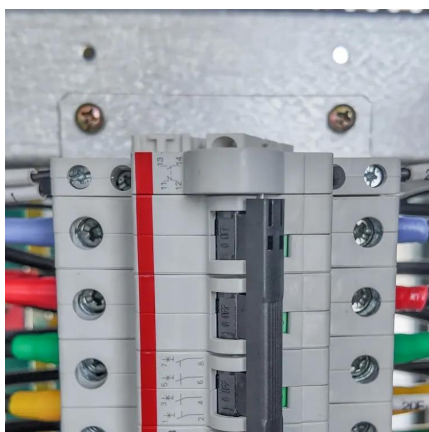

HiTHIUM, BOS Power Sign 3GWh BESS Agreement for Nordic ...

4 days ago · HiTHIUM signs a 3GWh battery energy storage supply agreement with BOS Power for projects across Denmark, Sweden, Finland, and Norway, enhancing renewable integration ...

Top 10 Battery Manufacturers In Sweden

These top 10 battery manufacturers in Sweden such as Northvolt, Alelion, and Volvo Energy show how battery technology can be developed not only for electric vehicles, but ...

Battery Energy Storage System Market Size, Trends & Regional ...

The global battery energy storage system market size was estimated at USD 10.16 billion in 2025 and is anticipated to grow from USD 12.61 billion in 2026 to USD 86.87 billion by 2034, ...

Europe's Great Battery Hope Northvolt Loses Power

As part of its job cut announcement, the company said It would buy cathode materials from Korean and Chinese suppliers and was seeking ...

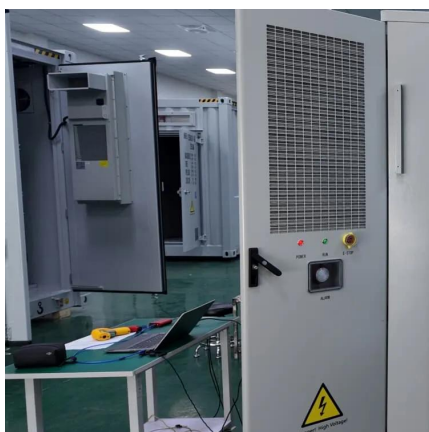

Home

Company AmpTank is focused on the execution of energy storage projects with first class engineering and financial partners in order to rapidly deploy energy ...

Solar and Battery Storage , Nordic Solar A/S

Nordic Solar is a Danish-owned energy company that develops, constructs, and operates utility-scale solar parks in Denmark and the rest of Europe.

Powering the Nordic Market with Battery-based ...

The dynamic frequency regulation market in the Nordics is laying a solid foundation for a sustainable, long-term business case for energy storage.

Nordic Batteries

Nordic Batteries AS, founded in 2014 in Norway, specializes in advanced battery modules, packs, and energy storage systems for industrial sectors including construction, maritime, defense, ...

Battery modules for energy storage - sustainable, ...

Nordic Batteries designs and manufactures high-power and high-energy battery modules, BMS and BESS products. The company bridges the ...

FULL REPORT THE NORDIC BATTERY VALUE CHAIN

SEB Nordic Energy's portfolio company, Locus Energy, in collaboration with Ingrid Capacity, will build the largest battery energy storage project in the Nordics.

Nordic Batteries

We develop battery modules, racks and energy storage systems designed to power industrial applications across challenging sectors, including construction, maritime, defence, and grid ...

Nordic battery wholesaler

Nordic Batteries is developing sustainable energy storage solutions with Next Generation Agile Battery Pack Assembly , Nordic Batteries enables the green shift by assembling and ...

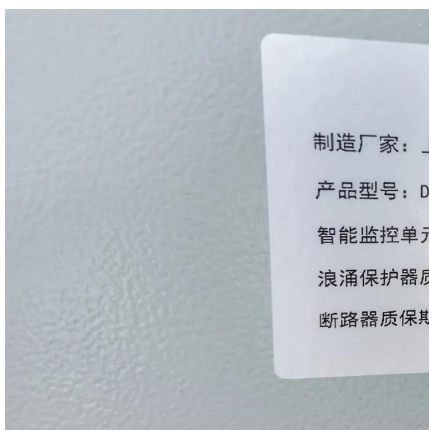

Swedish Energy Storage Companies: Powering the Future with ...

Swedish energy storage companies are quietly revolutionizing how we store and distribute power, blending sustainability with Scandinavian practicality. From zinc-ion ...

HiTHIUM Signs 3GWh Supply Deal with BOS Power for Nordic ...

Madrid, Spain - September 5, 2025 -- HiTHIUM, a leading global company in long-duration energy storage technology, today announced it has signed a supply agreement (MSA) with ...

Nordic Batteries

We develop battery modules, racks and energy storage systems designed to power industrial applications across challenging sectors, including ...

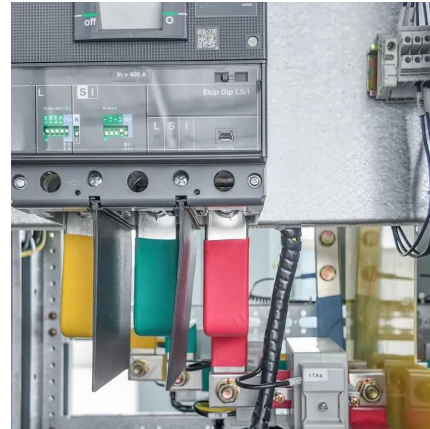

SEB NORDIC ENERGY'S PORTFOLIO COMPANY LOCUS ENERGY ...

SEB Nordic Energy's portfolio company, Locus Energy collaborates with Ingrid Capacity to build the largest battery energy storage project in Finland, contributing 70 MW/140 ...

Top 10 energy storage companies in Sweden

This article will introduce the top 10 energy storage companies in Sweden and explore their technological advantages and marketing strategies.

Battery modules for energy storage - sustainable, safe and ...

Nordic Batteries designs and manufactures high-power and high-energy battery modules, BMS and BESS products. The company bridges the gap between battery cell ...

Powering the Nordics: Merus Power's end-to-end turnkey battery ...

Our battery energy storage solutions are designed, developed, and manufactured in Finland. From inverters to control and protection systems, everything is crafted locally to ensure high ...
