

Portable Solar Base Station System

Overview

One of the main differences in these models is how much charging “juice” they can store, referenced in watt-hours. Watt-hours are a measure of a unit of energy (watts) that can flow over time (hours). Consider.

Portable Solar Base Station System

Temporary & Portable Solar Lighting

Green Frog Systems' portable solar lighting solutions provide a clean, silent alternative to diesel-powered light towers--engineered for performance in the world's toughest environments.
