

Saint Kitts and Nevis Island Solar Power Generation for Home Use

Overview

The Government of St. Kitts and Nevis, the state-owned St. Kitts Electric Company and Switzerland's Leclanché SA have broken ground on a landmark solar generation and storage project that will provide between 30-35% of St. Kitts baseload energy needs for the next 20-25 years while reducing carbon dioxide emissions by more than 740,000 metric tons.
