

South African balcony photovoltaic panel manufacturer

Overview

Who makes solar panels in South Africa?

ARTsolar is South Africa's only locally owned solar panel manufacturer. Shop online for world class solar panels, solar inverters, solar batteries and more. The company specializes in manufacturing solar panels and offers comprehensive services, including design, supply, and installation of turn-key solar solutions for various markets.

Why should you buy solar panels in South Africa?

Another significant certification is the South African Bureau of Standards (SABS) mark. This certification means that the product meets the standards of safety, quality, and efficiency set out by the South African government. It's recommended to purchase solar panels with this mark as it indicates a trusted and high-quality product.

What certifications do solar panels need in South Africa?

These two certifications are essential for PV solar panels in South Africa, with the IEC 61215 standard testing PV panels under harsh weather conditions, while the IEC 61730 ensures the safety of the PV panels. Another significant certification is the South African Bureau of Standards (SABS) mark.
