

Swiss large-capacity energy storage battery manufacturer

Overview

Delta Capacity is a Swiss-based developer of utility-scale battery energy storage systems (BESS). Our flexible energy solutions enable the transition to a fossil-free energy future and a greener, more sustainable society. Our mission is to facilitate the transition to a fully renewable society. What is Swiss clean battery?

Swiss Clean Battery focuses on the stationary fields of application of “home storage” and “industrial buffer”, because the demand and contribution to solving problems in the energy transition is equally great here. An uninterrupted power supply, i.e. the balance between supply and demand, is essential for the power grid as a whole and for industry.

Which energy storage projects have been commissioned in Switzerland?

Axpo commissioned its BESS in February this year while utility Thurplus commissioned a 3MW system in September last year. But Switzerland was the location for one of the largest energy storage projects commissioned in recent years, a 20GWh pumped hydro energy storage (PHES) unit which started operations in June 2022 in the Canton of Valais.

Where in Switzerland will Primeo energy install a battery storage system?

In Kappel, in the canton of Solothurn, we will install one of the largest battery storage systems in Switzerland with a total capacity of 65 megawatt hours. Primeo Energie will use the stand-alone storage system to make energy more flexible and store electricity temporarily and withdraw it again when it is needed.

Is MW storage the country's largest battery storage project?

MW Storage is a developer of BESS projects which is also active in the German market, with a 100MW/200MWh project underway that it claimed is the country's largest. The inauguration ceremony for the BESS project. Image: EWS AG. EWS AG and MW Storage have expanded a battery storage project in Switzerland to 28MW, making it the country's largest.

Why should you choose Swiss clean batteries (SCB)?

Offering 50% better environmental performance and extended durability, SCB supports renewable energy transitions with advanced energy storage solutions and one of Europe's first mass production facilities. Swiss Clean Battery AG (SCB) is a pioneering manufacturer of solid-state batteries based in Frauenfeld, Switzerland.

How will a large-scale storage system help the Swiss power grid?

In this way, the system will help to stabilise the Swiss power grid. With this large-scale storage system, we are making a decisive contribution to the implementation of Switzerland's Energy Strategy 2050, which aims to convert 100 per cent of its energy supply to renewable energies by 2050.

Swiss large-capacity energy storage battery manufacturer

[Sales and engineering of lithium batteries](#)

With our large Swiss warehouse, we can quickly and easily deliver the desired Li-Ion cells to all of Europe. Our staff has years of experience with lithium ion ...

[Top Battery Companies In Switzerland In 2025](#)

Switzerland is home to several battery companies that specialize in producing advanced and innovative battery technologies. These companies offer a range of solutions for various ...

[Top 5 gravity energy storage companies in the world](#)

At present, the overall gravity energy storage industry is in a relatively early stage, and there are not many gravity energy storage companies in the world. The ...

[Large-scale battery for Switzerland: 65 megawatt ...](#)

Primeo Energie will use our storage system to provide energy flexibility. The battery stores surplus electricity from renewable sources and feeds it back into ...

[Sales and engineering of lithium batteries](#)

With our large Swiss warehouse, we can quickly and easily deliver the desired Li-Ion cells to all of Europe. Our staff has years of experience with lithium ion batteries and can provide optimal ...

Battery Storage

The large-scale energy storage capacity additions in the US since 2003 have been almost exclusively electrochemical battery energy storage systems. For this reason, this paper will ...

[Gotion launches 7 MWh BESS container. 650 Ah cell](#)

The Chinese manufacturer has joined the energy density race with the release of its latest utility-scale battery energy storage system and high-capacity cells.

Top 10 energy storage manufacturers in the world

Company profile: Since 2008, as one of top 10 household energy storage manufacturers in China, BYD energy storage has focused on the research and ...

Large-scale battery for Switzerland: 65 megawatt hours of capacity

Primeo Energie will use our storage system to provide energy flexibility. The battery stores surplus electricity from renewable sources and feeds it back into the grid as needed. In this way, ...

Home , Delta Capacity

Delta Capacity is a Swiss-based developer of utility-scale battery energy storage systems (BESS). Our flexible energy solutions enable the transition to a fossil-free energy future and a greener, ...

Top 100 Battery Storage Companies in Switzerland (2025) , ensun

BTRY is a Swiss battery manufacturer that specializes in innovative energy storage solutions, including a high-performance solid-state battery that can charge in just one minute.

The Largest Energy Storage Portfolio in the Nordic Countries ...

Romina Pourmokhtari, Sweden's Minister for Climate and Environment, officially inaugurated the largest energy storage park in the Nordic region. The initiative, led by Ingrid ...

Unique design to adapt to the market-large-capacity wall-mounted energy

The wall-mounted energy storage battery pack market is a rapidly growing segment in the broader energy storage industry due to the growing demand for reliable, efficient and ...

Utility-scale battery energy storage system (BESS)

Introduction Reference Architecture for utility-scale battery energy storage system (BESS) This documentation provides a Reference Architecture for power distribution and conversion - and ...

Swiss Life enters German utility-scale energy storage ...

Swiss Life Asset Managers has acquired a 50% stake in a company with several utility-scale battery energy storage system projects in ...

Switzerland: EWS and MW Storage expand battery ...

Utility EWS AG and developer MW Storage have completed the expansion of a battery energy storage system (BESS) project in Switzerland ...

INTILION to build 65MWh Swiss battery

German energy storage provider INTILION is to build what it says is "one of the largest battery storage systems" in Switzerland for the Swiss energy company Primeo Energie. ...

10 Best Battery Energy Storage Companies in 2025

Discover the top 10 best Battery Energy Storage Companies of 2025, leading the way with innovative technologies and global market presence.

7 Battery Energy Storage Companies and Startups

This report will discuss some major companies and startups innovating in the Battery Energy Storage System domain.

Swiss Clean Battery

Swiss Clean Battery focuses on the stationary fields of application of "home storage" and "industrial buffer", because the demand and contribution to solving problems in the energy ...

Sunwoda Debuts 684Ah & 588Ah Energy Storage Cells Globally ...

1 day ago · LAS VEGAS, Sept. 10, 2025 /PRNewswire/ -- At RE+ 25, Sunwoda (Stock Code: 300207), a global full-scenario energy storage solution provider, unveiled two groundbreaking ...

Swiss Clean Battery AG

Swiss Clean Battery AG (SCB) is a pioneering manufacturer of solid-state batteries based in Frauenfeld, Switzerland. Founded with a mission to advance sustainable energy storage ...

Swiss battery maker targets German grid with 40+ battery storage

In a collaboration with Münchner Solarkraftwerke, Lion E-Mobility AG, the Swiss manufacturer of lithium-ion battery packs, aims to deliver more than 40 energy storage ...

[Sweden's largest battery goes online - pv magazine ...](#)

14 large-scale battery storage systems (BESS) have come online in Sweden to deploy 211 MW / 211 MWh into the region. Developer and ...

Switzerland: EWS and MW Storage expand battery unit to 28MW

Utility EWS AG and developer MW Storage have completed the expansion of a battery energy storage system (BESS) project in Switzerland from 20MW to 28MW, making it ...

Home , Delta Capacity

Delta Capacity is a Swiss-based developer of utility-scale battery energy storage systems (BESS). Our flexible energy solutions enable the transition to a fossil ...
