

United Arab Emirates Solar Photovoltaic Curtain Wall Manufacturer

Overview

Where are solar PV modules manufactured?

With our continuous commitment to research and development, we adopt highest technology to meet global requirements of most demanding energy users. Our solar PV modules are manufactured at advanced 250,000 square feet manufacturing facility, with the expansion plan to reach 950,000 square feet, located in Dubai Investment Park, UAE.

Where are our high-performance solar panels manufactured?

We proudly manufacture our high-performance solar panels from our fully automated production plant in Dubai. Our versatile product line is suitable for a variety of applications including residential, commercial, and utility. We provide solutions that bring value to our customers while creating a sustainable future.

Where does powernsun sell solar components?

Powernsun specializes in selling solar components across Southeast Asia, the Middle East, Africa, and Europe. Their mission is to accelerate solar adoption by improving product availability and simplifying transactions, making solar energy more accessible and cost-effective.
