

What are the mobile energy storage cabinet products

Overview

What is mobile energy storage?

Mobile energy storage provides a clean alternative to diesel generators for locations with no grid connection or only a weak one. Grid congestion creates increasingly long waiting times for companies who want to increase their grid connection. Mobile energy storage is the temporary solution to keep your business running.

What is a mobile storage cabinet?

A mobile storage cabinet is a lockable mobile unit made of all welded 16 gauge stainless steel with premium #4 polished shelves. It is designed for use in corrosive environments, such as hospitals and labs. The cart includes a lockable handle with 2 keys. The top work surface features raised lip edges on 3-sides to help retain materials from falling off.

Is Alfen mobile energy storage sustainable?

Alfen's mobile energy storage products are sustainably produced, fully recyclable, and ensure zero emissions on-site. Mobile energy storage provides a reliable power solution that is easy to operate and robust enough to withstand harsh conditions. Perfect for temporary energy needs.
