

What brands of outdoor power supplies are there

Overview

What are the best portable power stations?

To help you decide, I tested the efficiency, in a variety of scenarios, of the best portable power stations from Jackery, Oupes, EcoFlow, Anker, Goal Zero, Greccell, Bluetti, Dakota Lithium, Lion Energy, Vtoman, and Oupes. [↓ Jump to the Rest of the Field](#) [↓ What to Know Before Purchasing a Portable Power Station.](#)

Which power station should I buy?

The Jackery 2000 Plus is the best power station for those who need ample power. While it is pricey at over \$2,000 list price, it has plenty of power, charges impressively fast, and won't let you down in case of an emergency. If your main need is charging devices like phones and laptops, our favorite is the Anker 521.

What makes a good battery for a portable power station?

Leading manufacturers prioritize advanced battery technology, such as LiFePO₄, ensuring longer lifespans and efficient power management for portable power stations. Top brands offer versatile output options, including multiple AC, USB, and DC ports, catering to diverse charging needs for various devices.

How do I choose a portable power station manufacturer?

Warranty and support services play a significant role in your decision-making process for selecting a portable power station manufacturer. A longer warranty period, like 5 to 10 years, often indicates the manufacturer's confidence in the product's durability and reliability.

Why should you buy a portable power station?

Bring big backup power with you with these expert-recommended portable power stations, which can store enough power to charge electronics,

appliances, and more.

Which solar power station is best for off-grid camping?

The Jackery Solar Generator 1000 is a complete solar-powered portable power station package, which is why I think it's the best option for off-grid camping. I use Jackery's solar panels with my Explorer 1500, but they work just as well with this model (as a package deal).
